Course Description

Teaching as a Profession III (TAP III) is a capstone course in the Education and Training career cluster for students interested in applying the knowledge and skills learned in previous courses toward becoming a teacher, school counselor, librarian, or speech-language pathologist. The course covers classroom professionalism, ethics, policies, communications, and career requirements in education fields. In addition, students will complete an internship and continue to create artifacts for their student

portfolios. Upon completion of this course, proficient students will be prepared to pursue advanced training at a postsecondary institution. Standards in this course are aligned with Tennessee State Standards English Language Arts & Literacy in Technical Subjects and Tennessee State Standards in Psychology, as well as the National Standards for Family and Consumer Sciences Education, Second Edition.*

Work-Based Learning Framework

Internship standards outlined below may take the form of work-based learning (WBL) opportunities (such as internships, cooperative education, service learning, and job shadowing) or industry-driven project-based learning. These experiences must comply with the Work-Based Learning Framework guidelines established in SBE High School Policy 2.103. As such, this course must be taught by a teacher with an active WBL Certificate issued by the Tennessee Department of Education and follow policies outlined in the Work-Based Learning Policy Guide available online at http://www.tn.gov/education/cte/work_based_learning.shtml. The Tennessee Department of Education provides a Personalized Learning Plan template to ensure compliance with the Work-Based Learning Framework, state and federal Child Labor Law, and Tennessee Department of Education policies, which must be used for students participating in WBL opportunities.

Program of Study Application

This is the capstone course in the *Teaching as a Profession*, *Early Childhood Education*, and *Educational Support Careers* programs of study, providing an opportunity for an internship experience. For more information on the benefits and requirements of implementing these programs in full, please visit the Education and Training website at <http://www.tn.gov/education/cte/EducationTraining.shtml>.

Research codes of ethics for teachers in specific content areas and special education, where available. Synthesize principles from the standards to create a personal code of ethics. (TN Reading 2, 6, 9; TN Writing 4, 7, 9; FACS 4)

Policies
